## PHYSICAL TRAINING TRAILS

### SITES

*Colchester Garrison*

*Defence Academy of the UK*

*AVF Gunnery School*

*Stirling Lines*

*North Devon College*

*Hampshire Police Training Centre*

Our new range of **Physical Training Trails** has been developed to satisfy our customers demand. Whilst our standard Timber Fitness Trails satisfy the needs and locations of most schools, colleges, hospitals, local authorities and parish councils, our new **Physical Training Trails** extend the Fitness Trail range with additional, tougher stations. Designed for more supervised use in controlled or secure settings with design elements lifted from full military obstacle courses, we still utilise the aesthetically pleasing basic round timber log that suits both the densest woodland setting and the most open urban sites.

With options now available for Round Log and Quarter Sawn timbers on a supply only or an all in supply and installation basis **sportsequip.co.uk** offers layouts, options and advise to meet any budget.

To finish off the look and feel of our sites we offer an unrivalled service on customised signage. These include recommended Trail Data Boards and individual station indicators showing the correct equipment usage and these can be mounted on separate freestanding indicator posts or support posts of the equipment itself.

In addition from our **Compliant** surfacing range we offer a number of synthetic surfacing options for any ground conditions to full safer surfacing standards or just to act as high wear area 'wear pads'.

Up to date details and current ex-works prices on our **Physical Training Trails**, adult Fitness Trails and children's Trim Trails are featured in specialist product sections on our web site **www.sportsequip.co.uk**
