

## Cricket Datasheets

### County Weave Introduction

CR501 / CR510

#### County Weave System Cross Section

The County Weave system is a traditional non-turf pitch using a 50mm compacted hard porous base. This is laid onto an optional geo-textile layer and when levelled and compacted provides play similar to a good natural turf pitch. **sportsequip.co.uk** fit as standard a stiff load bearing base pad over the whole base to produce an even bounce and reduce base maintenance.

The pitch is surfaced with a professional quality Wilton woven playing surface offering excellent playing characteristics and long life.

The system offers excellent levels of play and high quality materials at a competitive price. It is suitable for schools and cricket clubs as a match or practice surface.

In accordance with the Company's policy of continuous development, Boyd Sport & Play Ltd t/as sportsequip.co.uk reserve the right to alter or amend specifications without prior notice. ### County Weave Introduction

#### Synthetic Component Specifications

##### COUNTY WEAVE CARPET – REF: CR501

Wilton woven, 100% u.v. stabilised fibrillated polypropylene

Width - 2.74m

Total thickness - 9.00mm

Total weight - 1.45kg/m<sup>2</sup>

##### CRICKET SHOCKPAD – REF: CR510

Flat resin bonded needlepunch, 100% UVS polypropylene

Width - 2.44m

Total thickness - 6.00mm

Total weight - 1.04kg/m<sup>2</sup>
